SUPPORT YOUTH SUCCESS

Life is like an obstacle course: one false start can compromise everything. Not everyone is born with the deck stacked in his or her favour, and daily life can be a delicate balance.

Thanks to the agencies and programs we support, we can help change directions by:

- Stimulating the development of toddlers
- Encouraging academic perseverance
- Supporting parents and families
- Preventing homelessness

ENSURE EVERYONE HAS THE BASIC NECESSITIES

Without adequate food, shelter, and adequate clothing, it's hard to build a life.

Thanks to agencies and programs we support, we can change the situation and increase opportunities to rekindle the vital spark by:

- Providing food security and some clothing
- Facilitating access to decent housing

BREAKING SOCIAL ISOLATION

Through the agencies we support, we create possibilities to recognize the value of each and every person, and to encourage them to believe in their abilities and learn anew to forge relationships.

Together we can:

- Avoid the isolation of seniors
- Promote the social inclusion of disabled people
- Support struggling workers through our social stewards network of FTQ in the Montréal region
- Help people in crisis situations, in difficulty or with mental health issues
- Support the integration of immigrants and refugees

BUILD CARING COMMUNITIES

We create powerful networks of solidarity that can change lives here in the community.

How?

- By encouraging volunteer action
- By reinforcing agency skills and leadership

YOUR GIFT IS IMPORTANT.
